ECOFEST

Noon-6 p.m. at Druid Hill Park

Join us in celebrating the health of our city with local food, friends and fun! Take a bike ride around the reservoir, test your balance in an outdoor yoga class or just sit back and enjoy the musical stylings of the Frontier Dentists, June Star, For the People Entertainment and the RapDragons! Let the kids take part in an art project, building a bamboo hut or playing with worms at the vermaculture demo! This event is FREE and open to the public.

Don't forget to swing by and visit the new Highlandtown Healthy Living Center from 1-4 p.m., 3700 Fleet Street Suite 200 Baltimore, MD 21224

BUS #5, DROP OFF AT LAKEVIEW AVENUE

Free shuttle service at the North Avenue Light Rail Station and Park & Ride

Monday, April 19, 2010

City Day

Baltimore Green Works, Baltimore City Recreation and Parks and the Baltimore City Office of Sustainability would like to invite our dedicated partners and volun-

teers for an evening reception at Cyllburn Arboretum's new green building, the Vollmer Center. In addition to the unveiling of the Annual Sustainability Report, you can take a tour of the grounds with Acting Chief of Parks, Bill Vondrasek and be sure to hit up the plant sale for your spring color! 4:30-7:30 p.m. at 4915 Greenspring Avenue, Baltimore, MD 21209. RSVP is required, bgw@baltimoregreenworks.com or call 410.952.0334.

BUS #1 OR 91, DROP OFF AT CYLBURN AVENUE

Tuesday, April 20, 2010

Fabritory: A Fabrication Laboratory on North Avenue

MICA and Morgan State University will present sustainable solutions to community development needs. Throughout the semester, BGW was able to connect some of Baltimore's leaders in local sustainability efforts with the students through a series of engaging conversations in the classroom. The focus was on the much needed neighborhood development of what was once our city's northern border, the North Avenue corridor. The class touched on topics including transportation, infrastructure, waste management, local agriculture, community initiatives and the history of North Avenue. Students were then challenged to come up with sustainable solutions to some of these issues. Projects will be presented at the opening of **Fabritory in the North Avenue Market**, 20 West North

Thank you for sponsoring Baltimore Green Week 2010

Annie E. Casey Foundation | Lorenz, Inc. | MTA | Constellation Energy | Verizon Foundation | Restore Capital | Baltimore Community Foundation | Urbanite Magazine | City Living Magazine

Ave, Baltimore, MD, 21218, opening from 3-8 p.m., reception starts at 5p.m., refreshments will be served.

Wednesday, April 21, 2010

Tour the Port with the Maryland Port Administration!

You must be 18 or over to join. Limited to 15 passengers. Take a walking tour of the newest "green" addition to the Living Classroom facilities, Masonville Cove Environmental Education Center, as we discuss solar and geo-thermal systems. Follow this up with a drive through of the grounds, once a hazardous waste dump, which is now in the process of becoming a revitalized nature park. While in the tour van you will have the opportunity to talk to the Maryland Port Administration about Environmental Management Systems, emission reductions (stimulus grant), storm water management (water quality), and environmental sustainability (solar, geo-thermal projects.)

Meet at 3:30 p.m. at Masonville Cove, 1000 Frankfurst Avenue, Baltimore, MD 21226. RSVP's required to bgw@baltimoregreenworks.com or call 410.952.0334.

BUS #64, DROP OFF AT THE BROOKLYN PARK AND RIDE OR HARBOR HOSPITAL

Tree Plantings

Calvert Hall boys will mulch every tree in Druid Hill Park!

Film Viewing at the Senator Theater 5904 York Road, 21212

7 p.m., End of the Line, In the film we see firsthand the effects of our global love affair with fish as food. It examines the imminent extinction of bluefin tuna, brought on by increasing western demand for sushi; the impact on marine life resulting in huge overpopulation of jellyfish;

and the profound implications of a future world with no fish that would bring certain mass starvation."

For more information, check out www.endoftheline.com, \$5 donations requested but not required.

Thursday, April 22, 2010

Earth Day

Chemical Reaction, Chemical Reform

Film viewing at the Senator Theater, 5904 York Road, 21212 w/ discussion to follow.

Chemicals have been in the news a lot lately, from baby bottles to cosmetics to that "new car smell." But is there really a problem? The federal law governing toxic chemicals is 34-years old and has never been updated. During that time the EPA has only required testing of 200 of the 62,000 chemicals in use at the time the law passed and it's only

THE WAY ENERGY WORKS

Preserving our environment.

Forward-thinking organizations understand the value of good corporate citizenship. At Constellation Energy, that understanding guides our actions and reinforces our belief that our employees and resources can have a profound and positive effect on the world around us.

Celebrate the health of your city and your friends a EcoFest on April 17th!

For more information or to register as an EcoFest Vendor, download our information packet.

restricted 5. Join us in exploring how this is affecting our health. This event is presented in partnership with Baltimore Green Works and East Coast Organics.

Doors open at 6 p.m., Reception with music provided by Baltimore's own, Caleb Stein

8 p.m., Screening of *Chemical Reaction* – a story of the health affects of industrial chemicals and how one woman changed it!

8:45 p.m., Talk to **Paul Tukey, Founder of SafeLawns.org** and author of the **Organic Lawn Care Manual** and **Andy Igrejas, Director of Safer Chemicals, Healthy Families,** the organization who is currently writing the bill that could force the chemical industry to take action.

Refreshments will be served. Donations requested but not required.

Friday, April 23, 2010

Sustainable Food & Art

Local is as Local Does

Taste local chef's creations and talk to the farmers who they support.

\$25 per person, meet at 11:45 a.m. at Civic Works' Real

Food Farms and get ready to sample the tastes and treats of some of Baltimore's most sustainable restaurants! As we make our way through Charm City, local chefs and the farmers who they support will discuss their passion for and motivations behind serving only the best home grown delicacies. Located at 701 St. Lo Drive, Baltimore, MD 21213. Limited to 15 passengers. RSVP required, contact bgw@baltimoregreenworks.com or call 410.952.0334.

Social Change Art Opening

6-8 p.m. at the Towson Arts Collective, 406 York Rd. Lower Level, Towson, MD 21204. Artists gather in this juried show to address social change issues and to activate the community by engaging viewers with their re-use of materials, by eliciting reactions and starting conversations. The show will be juried by Rebecca Hoffberger, Founder of the American Visionary Arts Museum and

BALTIMORE RED LINE

Go Green, Think Red!

The Red Line is a proposed 14.5-mile east-west light rail line that will offer connections between the Woodlawn area of Baltimore County, Edmondson Village, West Baltimore, downtown Baltimore, Harbor East, Fells Point, Canton, and the Johns Hopkins Bayview Medical Center Campus, and with MARC, the MTA central light rail, and the Metro subway.

The Red Line will involve a wide range of environmental improvement opportunities. Instead of the conventional approach of identification and mitigation, the Red Line provides the opportunity for improving the quality of air, water, green space and health of the region and its residents.

New, efficient transit systems like the Red Line are an excellent solution to reducing our reliance on automobiles and creating a healthier planet.

For more information, visit www.baltimoreredline.com, or call 410-767-3754 or email at redline@mta.maryland.gov.

Maryland Transit Administration
6 St. Paul Street, 9th Floor, Baltimore, MD 21202

Saturday, April 24, 2010

Energy Conservation

Final Green by Design Workshop – a DIY Row home Weatherization Demo

Join us at 219 N. Chester Street, Baltimore, MD 21231 at 10 a.m. as we partner with the Neighborhood Design Center (NDC), Civic works and Banner Neighborhoods to offer a free workshop on weatherization and energy conservation in the home. Learn from the pros at Civic Works how to weatherize and improve the energy efficiency of your home: caulking, weather-stripping, and related techniques such as how to properly install a water heater blanket. Pre-weatherization safety considerations such as carbon monoxide, avoiding moisture and preventing mold/mildew will also be addressed. Join participants afterwards for a cookout in celebration of NDC's Green by Design workshop series! Limited to 20 participants, RSVP required to khumphrey@ndc-md.org or call 410.233.9686 ext. 101.

BUS #13 DROPS OFF AT THE CORNER OF WOLFE AND ORLEANS STREET

Tree Planting and Giveaway
